What is to be done with

Waste Material -

i.e. Boys who pass thru
 the Public Sch. without Schol.
 or aptitude for Apprentices

Boys of King Edward's Schol.
 & the fine arts -

Mr. Badley

1 of seeking the co-operation of teachers in giving such an education
as shall issue in fine opinions & sound principles.
There are ^{old} ^{many} parts of education that I have not touched upon.
May I beg you to believe that we do not leave those things undone
but that it is ^{because} not possible to include the whole of so broad a subject
in a single paper, I have confined myself to two
articles of a boy's equipment, - Opinions
Principles.

Will you allow me to take this opportunity
of offering my warmest & most proud
congratulations to the B. on B.
of the S. H. H. on the occasion of this Annual
Conference. I know well (the less well
than does ^{indeed} ^{the} ^{our} ^{Sec.}) also the energy
zeal & interest that go to the getting up of
such a Conference; & I appreciate the
recall all the more, because, perhaps
twenty years ago, I tried in vain to
form a Branch in this city. ~~which I found~~
~~all the more, to be highly & completely~~
~~possessed of great educational insight.~~
May the Branch flourish, & ^{be} ^{unhindered} ^{by} ^{all} ^{the} ^{world}
in the great efforts which your Conference could be
have made in this direction.

Speakers promised underlined in red
